EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Thomas F. Brennan on 7-27-05.

The application has been amended as follows: claims 39-40 are canceled.

2. The following is an examiner's statement of reasons for allowance: the prior art of record fails to disclose an apparatus and method thereof comprising elements being configured as recited in claims. Specifically, none of the prior art teaches or fairly suggests, among other things, the following limitations:

- An output module to receive the incremented and decremented high logic signals and the incremented and decremented duty cycle adjusted clock signals, and to couple to an output clock terminal to output an adjusted clock signal having an incremented or decremented duty cycle clock signals as a function of the second control signal as required by claim 1.
- an output module to receive the incremented and decremented high logic signals and the incremented and decremented duty cycle adjusted clock signals. and to couple to an output clock terminal (CLK OUT) to output the incremented duty cycle adjusted clock signal or the decremented duty cycle adjusted clock signal as a function of the

incremented high logic signal or the decremented high logic signal, respectively, as required by claim 17.

- generating a second set of control signals as a function of the second programmed instruction; selecting the generated one of the plurality of incremented or decremented duty cycle adjusted clock signals as a function of the second control signals; and outputting the selected one of the plurality of incremented or decremented duty cycle adjusted clock signals as required by claim 31.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to An T. Luu whose telephone number is 571-272-1746. The examiner can normally be reached on 7:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Timothy P. Callahan can be reached on 571-272-1740. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
